

Child Safe Policy

At Selah Movement School of Dance, the safety, well-being, and dignity of every child is our highest priority. We are committed to providing a supportive and inclusive environment that aligns with Queensland child safety standards and promotes respect, trust and positive learning experiences for all students.

Safe Environment

We strive to create a space where children feel secure, valued and confident to express themselves. Our studio contains glass windows, and as we operate within a hired facility, other individuals may occasionally pass by. We maintain clear supervision practices and remain attentive to student comfort and privacy, doing our very best to ensure every child experiences a strong sense of safety while in our care.

Professional Conduct

All staff and volunteers are expected to model appropriate behaviour, maintain professional boundaries and hold current Blue Cards as required under Queensland legislation. Respectful communication is upheld at all times, and any concerns regarding a child's safety are taken seriously and responded to promptly in line with reporting obligations.

Consent to Touch

Dance training sometimes requires physical guidance to support safe technique and prevent injury. Teachers will always seek verbal consent before making any physical correction. Students can decline consent, and their decision will always be respected. Whenever possible, teachers will demonstrate movements or use verbal cues as the primary method of correction.

Student Voice and Support

We encourage open communication and want children to feel comfortable raising concerns. Parents and caregivers are welcome to discuss any safety matters with us, and we are committed to addressing issues with care, transparency and professionalism.

Together, we foster a culture where every child feels protected, respected and inspired to learn.
